## HOW TO CHOOSE YOUR SIZE

Since we do not accept size exchange, here's a quick guide on how to select your size. Actual garment is slightly bigger than the range shown in the chart. Measure your self and take note of the following:

**EX.**

**Female**

**CHEST: 35 inches**

**WAIST 28 inches**

**HIPS 35 inches**

Your scrub top size is **SMALL** (ladies cut ), your pants can either be **XS** or **S**, depending on your length preference.

For tall individuals, you can go for a bigger size to get the pants length that is appropriate for your height and probably do minor alterations on your own.
